ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Share Savings, Vacation Club, Christmas Club, and IRA Share accounts, the dividend rate and annual percentage yield may change quarterly as determined by the Credit Union’s Board of Directors. For Market Advantage accounts, the dividend rate and annual percentage yield may change monthly as determined by the Credit Union’s Board of Directors. For Moneyworks accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union’s Board of Directors. The dividend rates and annual percentage yields are the rates and

yields as of the last dividend declaration date that is set forth in the Rate Schedule. The Share Savings account is a tiered rate account. If your daily balance is from \$5.00 to \$4,999.99, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your daily balance is \$5,000.00 or greater, the second dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. Once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. The Market Advantage accounts are tiered rate accounts. If your daily balance is from \$5,000.00 to \$10,000.00, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your daily balance is from \$10,000.01 to \$50,000.00, the second dividend rate and annual percentage yield listed for this account will apply. If your daily balance is \$50,000.01 or greater, the third dividend rate and annual percentage yield listed for this account will apply. Once a particular

range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account. The Moneyworks accounts are tiered rate accounts. If your daily balance is from \$2,500.00 to \$9,999.99, the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your daily balance is \$10,000.00 or greater, the second dividend rate and annual percentage yield listed for this account will apply. Once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are

stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Christmas Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a share savings account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Share Savings, Market Advantage and Moneyworks accounts, there is a minimum daily balance required to avoid a service fee for the dividend period. If the minimum daily balance requirement is not met during each day of the dividend period, you will be charged a service fee as stated in the Fee Schedule. For Share Savings, Market Advantage, and Moneyworks accounts, there is a minimum daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum daily balance requirement is not met each day of the dividend period, you will not earn the stated annual percentage yield. For accounts using the daily balance method as stated in the Rate Schedule, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

6. ACCOUNT LIMITATIONS — For Christmas Club accounts, the entire balance will be transferred to another account of yours on or after October 20 and the account will remain open. You may not make withdrawals from your account at any other time. If you wish to access the funds in your Christmas Club account, you may close it. If you close your account, you will be charged a fee as stated in the Fee Schedule. However, no fee will be charged if the withdrawal occurs within seven (7) days of the date the account is opened. For Market Advantage accounts, you may make two (2) transfers or withdrawals from your account each month. If you exceed this limitation, your account may be subject to closure. For Share Savings, Vacation Club, Moneyworks, IRA Share, and Share Draft accounts, no account limitations apply.

7. FEES FOR OVERDRAWING ACCOUNTS — Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit card transaction (if member has consented to overdraft protection plan for ATM and one-time debit card transactions), preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check, draft or item. You may consult the Funds Availability Policy Disclosure for information regarding the availability of funds in your account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information.

For ATM and one-time debit card transactions, you must consent to the Credit Union's overdraft protection plan in order for the transaction amount to be covered under the plan. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the document the credit union uses to capture the member's opt-in choice for overdraft protection and the Schedule of Fees and Charges.

8. MEMBERSHIP — As a condition of membership, you must purchase and maintain the minimum required share(s) as set forth below.

Par Value of One Share	\$5.00
Number of Shares Required	1

The rates and fees appearing with this Schedule are accurate as of the last dividend declaration date indicated on this Truth-in-Savings Disclosure. If you have any questions or require current rate and fee information on your accounts, please call the Credit Union.
